Mechanical Laboratory Ochakov Torpedo Boat School\*

## Key to Sketch:

- Charts showing fuel and lubrication systems
- 2, Charts showing breakdown of cylinders, bearings, spark plugs etc.
- 3。 Dismantled engine block and parts displayed on table
- Dis-assembled carburator on table for lecture material
- 5。 6。 Charts showing power tests for engines
- Charts showing schematic drawings of the Holly carburator
- 7. Mock-up of Soviet engine Gam
- 8. Mock-up of Packard 1250
- Dis-assembled Packard engine
- 10°. Entire assembled Packard engine
- Crank shaft and crank case assembly of the Packard engine
- 12. Blackboard
- 13. Tables and benches for students
- 140 Dis-assembled pumps (oil, gasoline, water, ships)
- 15. Charts showing generator and electrical systems on Packard engine
- 16。 Chart showing dis-assembly and maintenance of the transmission
- 17。 Chapts showing dis-assembly and maintenance of the water cooling system of the Packard
- 18. Entrance to laboratory 19.
- Madons Approved For Release 2004/04/15 : CIA-RDP82-00457R008100350004-4
